

**2021  
WESTOVER STREET PLAN  
FOR  
REBUILD ALABAMA REVENUES**

**Rebuild Alabama 2019-2**

Pursuant to requirements of the Rebuild Alabama Act 2019-2, the City of Westover hereby publishes and advertises the plan for use of anticipated revenues resulting from the act.

Funds from these taxes shall be deposited in a segregated account "The 2019-2 account" at Renasant Bank, Chelsea Alabama.

The following streets within the City of Westover are either unpaved or paved only with base material. Chirt roads may be scraped to improve smoothness relatively easy, while base paving requires additional material applications.

For these reasons, street repairs will be made by priority and funded as those incremental revenues become available to sufficiently complete the repairs.

**Priority order for Fiscal 2021**

Bryan Rd	approximately 1,100' using standard base and seal \$ 33,000
Christopher Cove Rd	approximately 1,700' using standard base and seal \$ 51,000
Rosewood Dr	approximately 1,200' asphalt only \$ 50,000
Cedar Hill Farm Rd	Scraping with County Machinery \$ 800

Approved this 18th day of August, 2020

Larry H. Riggins, Mayor

At a Regular meeting of The Westover City Council, August 18, 2020, I Bonnie Meacham, City Clerk - Treasurer, attest that this plan was adopted by a majority of the Council.

Attest: Bonnie Meacham, Clerk
